Dear Osttimor-Kommitten,

On behalf of the Alola Foundation and the people of East Timor, I thank *you* for your kind donation of \$500. A receipt is attached.

The reality of working in East Timor can sometimes be daunting. As a young nation recuperating from a long struggle for independence, East Timor faces many challenges. The people of my adopted homeland have, however, managed to remain positive, honoring all forms of assistance – large and small – with tremendous gratitude.

The contributions and good will of people like you provide us with the inspiration and energy to continue our work. (Enclosed please find a brochure about the work of the Alola Foundation, which outlines our current activities.)

We would like to provide you with occasional updates regarding upcoming events and our on-going projects and other activities in the areas of maternal and child health, education and economic empowerment.. Please send us your email address to vic@alolafoundation.org and we will add your contact details to our database of donors and friends.

With kindest regards,

Kirsty Sword-Gusmão
 Chairwoman

RECEIPT 0
